

It's always a big moment for all youngsters from 8 to 80 when the funsters make one of their several appearances during the Sells & Gray Circus performance. The circus will be in Antioch on Sunday, July 13, under the sponsorship of the Antioch Chamber of Commerce.

The Circus Is Coming To Antioch On July 13

The true American Circus, complete with big top, wild animals, flying fanners, sawdust and pink lemonade is coming to Antioch.

The Sells and Gray Three Ring Circus will make its appearance in Antioch on Sunday, July 13, at Rte. 173 near the Ford Garage for performances at 2 p.m. and 5:30 p.m. under the sponsorship of the Antioch Chamber of Commerce.

The show travels in a convoy of giant trucks and trailers and carries administrative and working crew of over 200 persons. The first all modern circus, the big show has been completely rebuilt and modernized to make possible the handling of such a huge project which normally exhibits seven days a week in sev-

en different towns and during the 40 week season which takes them from their opening stand in Florida to over 30 states and three Canadian Provinces before it goes into winter quarters to prepare for the 1970 season.

The show is on its 66th annual tour and carries about every type of circus act including many animal acts and personalities that have appeared on the Hollywood Palace, Ed Sullivan and other variety type television shows.

The Chamber of Commerce has the exclusive on the advance ticket sale and are selling a limited number of discount tickets for \$1.25 and \$2. The advantage of buying an advance ticket is that the buyer saves 20 per cent on an adult ticket over the door price charged circus day and the

sponsor receives up to 50 per cent commission on all advance sales. The show will feature performing elephants and other trained animal performers, both wild and domestic.

Aerialists, acrobats, jugglers, wire walkers and novelty acts will thrill the youngsters from 8 to 80 and of course the circus clowns will be present to dish out fun and laughter.

It is good clean family entertainment with such stars as Orlando and Celina, acrobats from Mexico; The Hills and their performing dogs from Germany; Rudolph's performing monkeys; The Wallendas, clown musicians from France and many others.

The public is invited to visit the grounds and watch the setting up activities on circus day.

Library Okays Bids

The Antioch Township Library Board has awarded contracts for furnishings, technical furniture and shelving and carpeting for the new structure.

Getting the contract on the furnishings was the Jacobs Office Equipment Co. of Waukegan with a bid of \$13,182. This bid will have to be adjusted, however, as several items had been taken out of the specifications and others put in their place.

The technical furniture, such as desks and card catalogues, and shelving, went to Remington Rand Library Bureau. The firm had a low bid of \$18,872. It is located in River Forest.

Iskalis of Waukegan was the successful bidder on the carpet.

Home Care Blamed For Delinquents

Lake County Chief Probation Officer Anthony Doheny says there is usually something radically wrong in the homes of children referred to his department.

Doheny, speaking on the weekly radio program, "This Week in Lake County", said when juvenile problems arise something is usually missing from the lives of the children. "Often," he said, "one parent is either dead, ill, or has an alcoholic problem and the added responsibility has not been accepted by the other parent. So, there is an atmosphere of over-permissiveness in the home."

He went on to comment about current attitudes among parents. "I think parents are hesitant to accept full responsibility for the conduct of their youngsters in too many instances. They seem to feel that if it's all right for so-

McClory Details Response

A record 24,847 responses have been received to the biennial questionnaire circulated by Congressman Robert McClory throughout his 12th Illinois District comprising Lake and McHenry Counties and Hanover and Barrington Townships in Cook County. This response from almost 20 per cent of the households polled far exceeds the 15 per cent participation of two years ago.

Congressman McClory's constituents expressed an overwhelming 91.4 per cent in favor of President Nixon's decision to remove postmasters and rural mail carriers from political control. The questionnaire results also appeared to reflect general public sentiment by giving an 88.2 per cent vote in favor of cancellation of Federal scholarships to college students participating in campus disorders.

Congressman McClory finds himself out of step with his 12th District constituents on the lowering of the voting age to 18. A decisive 58.8 per cent voted against any such change, in contrast to 39.5 per cent who voted "yes."

Public and market survey experts in Washington have indicated that the high percentage of response established some kind

Antioch High School Board Lets Contracts

Contracts for new equipment and services for the 1969-70 school year at Antioch High School have been awarded by the Antioch High School Board of Education.

The board also approved salary increases for non-faculty personnel. Included in the increases were \$31 per month for secretary help; \$10 a month hike for full time cafeteria help and \$5 for part-time; and \$55 to custodians.

In other action the board approved Antioch Electric Service to remove two light poles at the football field at a cost of \$200 to make room for the school's expansion program.

The board also authorized the firm to install new lighting in the cafeteria for conversion to classroom use at a cost of \$765. Also authorized was \$317 for new furniture.

A bid of \$3,300 for a folding accordion door at the new cafeteria that is to be used as a classroom went to Hufcor Co., Janesville.

Ted's State Line Service was the low bidder on a contract to supply five tires at a cost of \$68.57 each.

The lone bidder on ice cream, Beatrice Foods, was awarded a contract and Willow Dale Dairy received the milk contract with a bid of .066 per one-half quart.

Home Insurance Representative Lester Sorenson was given the student accident insurance contract at a cost of \$4 per student with an \$18 premium for members of the football team.

The board also voted to continue to hold girls' physical education classes at the Antioch Bowling Lanes because of the crowded conditions.

The Rotary Club also donated eight patio benches, an exercise machine for the boys' physical education department and a taping table for the athletic department.

The Rotary also plans to sponsor an exchange student at the Antioch High School this year. He will come from Argentina.

Superintendent Albert Dittman reported that the budget, which will be increased by 10 per cent over last year's, will be presented.

Lake Villa Youth, 20, Is Arrested

Paul J. Denault, of RFD 3, Box 775 Lake Villa was charged with resisting arrest, two counts of disobeying a traffic signal, speeding, attempting to elude police, transportation of open liquor in a car, reckless driving and disorderly conduct early last Saturday after a police chase.

Denault was traveling at 90 to 100 miles per hour as he tried to escape from squads from Park City, Grayslake, Gurnee and the sheriff's department.

He was finally caught after he jumped from his wrecked auto at Rte. 63 south of Rte. 120 and tried to escape on foot.

Denault had been charged earlier in Waukegan with criminal damage to a motor vehicle after he had kicked dents into an auto after a quarrel.

Registration Appointments Are Needed

New residents who will be attending High School must call the school and arrange a registration appointment, it has been announced.

It is imperative that this be done as soon as possible as many classes will be filled at a later date, thus narrowing the choice or electives.

The notice also applies to transfers from Carmel High Schools as well, school officials said.

Forest District Gets Grant

The Lake County Forest Preserve District has been granted \$189,062 by the federal department of housing and urban development to assist in acquisition of 106 acres for forest preserve purposes in the Edward L. Ryerson conservation area.

Announcement of the grant came shortly after commissioners of the district had adjourned their June 19 meeting for a tour of the Spring Bluff and Van Patton Woods preserves.

During the morning session, the commission approved resolutions to purchase three parcels, two in the Ryerson area and one adjacent to Spring Bluff Preserve.

Gunmen Invade Home

Two armed gunmen invaded the summer home of Mr. and Mrs. Arthur Hottatz at 21 Villa Rica Blvd., Loom Lake, early Wednesday morning and made off with \$2600 in cash and \$10,000 in jewelry.

The men broke into the home and went upstairs where the elderly couple have separate bedrooms. They had just arrived in the Antioch area to spend the summer months from their home in Deerfield Park, Florida.

The gunmen broke open the bedroom door of Arthur Hottatz about 6:30, and after awakening him taped his hand and feet together as he lay in the bed.

They then went into the room of Margaret Hottatz, also about 6:30, and did the same to her after

Howlett Urges Local Action

State government in Illinois could solve more of the problems of urban society at the local level, Michael J. Howlett, state Auditor of Public Accounts, said last Friday.

Addressing a Conference for Municipal Officials, sponsored by the Illinois Municipal League in the Holiday Inn East, in Springfield, Howlett said some of the work now being tackled by the Illinois General Assembly should be taken over by village boards and city councils.

"A tendency has been developing to look to Springfield, or even to Washington, for solutions to problems of water pollution, sanitation, congestion, inadequate transportation and many other details that could better be solved locally."

"If members of the General Assembly had fewer details of local government to worry about, they would have freedom and time to devote more attention to statewide government problems, which are enormous."

Howlett said municipal government has expanded steadily since World War II, but not as rapidly as state government.

"When I was elected to my first term, only nine years ago, I re-

member mentioning frequently that local government was four times the size of state government in Illinois," said Howlett. "Now, local government is three times the size of state government in Illinois," said Howlett. Both have grown to meet demand

Antioch Youth Injured

Kurt Luedtke, son of Mr. and Mrs. Russell K. Luedtke of Bonita Springs, Fla., was wounded in action in Vietnam on May 28, it was reported.

Luedtke suffered his wounds from fragments from a booby trap while on a combat mission.

Luedtke was taken to the Zama, Japan Army Hospital before being sent back to the United States.

Kurt is a graduate of Antioch High School and lived in the Antioch area all his life.

Displaying first aid talents is David D. Heath, of 115 Meadow Court, Antioch, of M. W. Heath & Son, Rinear Road, Antioch, and a recent graduate of the American Red Cross 13th annual industrial seminar. The "victim" is Miss John Chudo of the Red Cross staff.

Colleen Gross, left, and Cindy Cross, employees of the State Bank of Antioch, admire the serving tray that the bank is giving out to its customers who register during the celebration of its 75th year on Thursday, Friday and Saturday of this week. The trays, of fiberglass were made by Quaker Industries of Antioch. Many prizes will be given away by the bank and there will be toys and balloons for the children. The costumes worn by the girls are in keeping with the founding of the bank.

Employ The Young

Frequently, the business leaders of our community participate in civic, patriotic and charitable affairs which offer no other return than the satisfaction of having helped.

This is not to say that those projects are not worthwhile, for they are—very much so.

However, it is a pleasant duty to recommend to these businessmen an effort offering not only satisfaction of having helped a worthwhile cause, but also a profitable return to themselves and the community.

The 1969 Youth Opportunity Campaign—Summer Jobs for Youth is now under way. This program is designed to help high school and college students find employment during their vacation periods to enable them to return to school in the fall or to start them on their working careers.

This summer, more than 13 million young people are expected to be looking for jobs.

If the experience of past years can be taken as a pattern, nearly 2 million of them will be unable to find employment.

Special effort on the part of employers can substantially reduce youth unemployment this summer and help their own businesses at the same time.

Proper planning for the hiring of young people to fill in for vacationing regular employees; hiring the youngsters for heavy summer workloads; hiring them to get jobs done that have been put off because everyone is too busy; can make this a profitable summer for all concerned.

Young people are eager for jobs and most are capable, dependable workers.

We enthusiastically recommend that every employer in this community examine his summer manpower needs now.

Determine how many jobs can be offered to youth.

Then do it and prosper.

Costly Trash

Trash on the highways in Lake County is beginning to be a big problem, both manpower-wise and money-wise.

The litter includes junk cars, trash and debris and it is costing the county highway department about \$20,000 a year to pick it up.

The county expenditure, according to Lake County Board Chairman Robert Depke is small compared to the total cost to local governments.

Depke said similar expenditures are made in townships, cities, villages and by the state.

The board is considering enacting a "tough" ordinance to deal with the problem whereby a property owner can be cited and brought into court.

Removal of junk cars from county maintained roads alone is costing about \$500 per month.

We think that the mess ought to be cleared up — and quickly before it buries us all in a mound of debris.

We hope that the county board will take swift action in adopting a get tough ordinance.

It might even work.

Your Congressman Reports....

By Cong. Robert McClary

The Voting Rights Act of 1965 contains a number of harsh provisions which have affected voting procedures in seven Southern states. The measure outlawed summarily all voter qualification tests and devices, including literacy and intelligence tests, which had effectively deprived most Negroes of the right to register and vote for more than 100 years. The measure also authorized Federal Examiners to serve in place of locally named election clerks and registrars.

During the four years since its enactment, the Voting Rights Act has increased Negro voting registrations in Alabama from 19% to 52%. Mississippi's Negro registrations have risen from 7% to 60%. The other affected southern states have shown similar increases in Negro voter participation. It is estimated that the total number of Negroes who are eligible to vote in the states of the old Confederacy has increased by more than a million during this 4-year period.

However, unless extended by action of the Congress at this session, the Voting Rights Act will expire next year. If that should happen, the offending states will be able to resort to their earlier practice of depriving Negroes of the right to vote through the various tests and devices which worked so effectively prior to enactment of the Federal law.

Most of the Members of the House Judiciary Committee, including both Republicans and Democrats, have sponsored legislation—H.R. 4249 and H.R. 5538 — would extend the current law for another five years. Opposition to the extension of the law, just as the opposition to its original enactment, comes from Members of the U. S. House and Senate from those Southern states who now would like to be relieved of this Federal law which invalidated many local statutes and ordinances. Also, they are anxious to get rid of the Federal examiners and observers who have assisted actively in the increased Negro voter participation in their states.

An additional consequence of the enactment of the Federal Voting Rights Act has been the election to office of many Negro candidates in areas where previously whites had dominated all public offices. For instance, in Georgia, two Negroes were elected to the Georgia State Senate, and 12 were elected to the Georgia House of Representatives where

Letters to the Editor

June 22, 1969

Dear Editor:

We would like you to print the following letter in your paper this week.

MARVELOUS, WONDERFUL & HUMOROUS

This is the description of MARY, MARY at the PM&L Theatre. Everyone in this play, just played their parts as if they were really going through it themselves.

We have seen this play before with well known TV stars and we feel that this cast was far superior to them. The directing was very good and a lot of hard work.

We hope everyone will have the opportunity to see this play which is still playing on June 27 and 28. If it were possible we would go to see it again as it was so good.

Let's keep this Theatre alive by supporting it with our patronage. They all do so much work to entertain you so let's all do our part, too.

Your Readers,

Mr. and Mrs. Howard L. Rodney

there had been no similar representation before. Also, Mississippi, North Carolina and Virginia were able to elect Negro State Representatives for the first time in their states' histories. Perhaps even more significant is the election of 268 Negroes to local offices throughout the seven Southern states involved.

While the nation continues to experience great unrest and upheaval, encouragement of Negro political participation in the South appears to have reduced substantially the militancy which existed prior to the time when active political participation by Negroes became possible. There are relatively few who would question that this type of citizen activity is far preferable to the disorders which frequently accompanied other efforts at political expression.

There will be attempts made to prevent extension of the Voting Rights Act or to water down the law to such an extent as to frustrate its main objectives. However, in the light of strong bipartisan support, it is most unlikely that either of such attempts will be successful. In addition, it is reasonable to assume that by extending the Voting Rights Act to 1975 its main objective will have been fulfilled, rendering unnecessary further extension.

Heart Association Drive Successful

Chicago Heart Association, June 17, announced the most successful Heart Fund drive in its history, with \$1,548,615 raised, in Cook, Lake and DuPage counties.

Thomas F. Monahan, 1969 Heart Fund chairman, and president, Sears Bank and Trust Co., reported the results at the Association's annual awards luncheon at the Palmer House. Fahey Flynn, ABC-TV's newsmen, and Grant Cowan, who plays Snoopy in "You're a Good Man, Charlie Brown," were featured guests.

"With two weeks still remaining in the 1969 drive, we are already 102 per cent of goal and can expect to increase the final total by an even greater percentage," explained Monahan.

The Heart Fund total exceeds the last previous high (\$1,486,836) in 1963 by \$61,779 and surpasses the 1968 total (\$1,454,850) by \$93,765, or 5.4 per cent.

Crusade Checks Are Being Distributed

Checks totaling over \$652,000 will be mailed this week to the 83 suburban Community Chests and Funds who participated in last fall's Metropolitan Crusade of Mercy campaign, according to Anthony J. Frystak, president of the Suburban Community Chest Council. Frystak reported that these checks, the third payment in 1969, represented about 20 per cent of the total suburban allocation of \$3,315,201. Previous payments were made in December of 1968 and March, 1969.

Last fall the 88 participating suburban Community Chests raised \$1,387,718 in their local campaign... approximately 42 per cent of their total budget allocations. "Over 2,500,000 suburban citizens have services available to them as a result of the Metro drive," said Frystak.

The Suburban Council will continue to distribute funds regularly to participating Metro Chests

Census Bureau Will Query Antioch Area

Households in this area will be included in a nationwide survey of consumer buying and home

and Funds with future payments scheduled for September and October of this year. These payments will enable the Chests to make timely payments to the agencies providing human care services in the 147 communities taking part in last fall's campaign.

The Suburban Community Chest Council, a non-profit philanthropic corporation, is a federation of Community Chest and Funds in a nine county area surrounding Chicago. The Council has 109 members, 88 of which participated in the Metropolitan Crusade of Mercy. The Council helps members to establish sound budget and allocation procedures and assists them in year-around organization, planning and administration.

Light Auto Lamps For The Holidays

"Studies of accident experience during holiday driving periods have established the fact that holiday weekends are at least 25 per cent more hazardous than normal weekends and at least 50 per cent more fatalities occur during each day of holiday driving than on the average day of the year," Jerry Klebe, Executive Director, reported.

Many types of holiday safety campaigns have been tried to reduce the holiday accident toll with varying degrees of success. None of them has been as successful as the Illinois "Light Up and Live!" program sponsored by the Governor's Official Traffic Safety Coordinating Committee.

Illinois motorists are asked to drive with their headlights (not parking lights) on during daylight hours of the holiday period. It has been found that motorists are more aware of other vehicles when lights are on and when another car is seen each motorist is reminded that there are extra driving hazards during the holiday period. It also conforms to one of the best rules of safe driving—"To see and be seen" to avoid traffic collisions.

Improvement expectations during July, Director Theodore F. Olson of the Census Bureau's regional office in Chicago announced today.

Householders will be asked whether they expect to buy a house, car or major appliances during the next year and whether they have made recent purchases of these items. Homeowners will be asked about home improvements and repairs during the last three months and any planned for the future.

The survey is taken quarterly throughout the Nation to gather information that will guide Federal agencies and other groups with programs based on consumer spending patterns.

In the most recent survey of the series, taken in April, U. S. families indicated that their plans for buying houses and cars were at about the same level as a year earlier, but on the average they expect to buy more household appliances and furnishings.

Households included in the July survey will not be identified. All answers are kept confidential by the Census Bureau, and information obtained in the survey will be used only for statistical purposes.

Capacity Boosted For Summer Loads

Twelve new peaking units placed in service at Calumet station in Chicago have increased Commonwealth Edison Company's generating capability to 10,460,000 kilowatts, Chairman J. Harris Ward announced today.

The Calumet fast-start generators have a capacity of 221,000 kilowatts. They are designed to reinforce the Edison power supply system during brief periods of heavy customer demand for electricity.

Ward said 66,000 kilowatts of similar capacity will be placed in service by July 1 at Lombard substation to double the peaking power already available at the site.

He added that Commonwealth Edison has bolstered its power reserves for this summer by arranging for a firm supply of 700,000 kilowatts through its transmission interconnections with other utility systems. The incoming power will increase the net capability of the Edison system for most of the summer to more than 11.2 million kilowatts.

Fireworks Are A Menace

Despite the strict law regulating the sale of dangerous fireworks in Illinois, the illegal sale of bootlegged fireworks is still a menace warns the Illinois Society for the Prevention of Blindness.

Individual ownership and use of fireworks has definitely been outlawed in the State since 1950. In that year, the Illinois Society for the Prevention of Blindness, finally forced passage of a bill restricting the sale and use of dangerous fireworks in the State.

Illegal fireworks that can maim and blind can still be purchased by school children. Unscrupulous salesmen often bring carloads of fireworks into the State from "unrestricted" areas and peddle them to youngsters on abandoned lots and even at school street crossings, despite the constant vigilance by the police.

The provisions of the law restricts the sale and use of fireworks to authorized public displays. There was never an intention of depriving youngsters of the thrill and excitement of watching the fireworks display which has traditionally highlighted the celebration of the 4th of July. Community public fireworks displays, run by licensed technicians, provide the same thrill and excitement which we all experienced as children, without the horrible burns that often resulted when these were ignited by inexperienced persons.

In spite of the fact that Illinois

Library Okays...

(Continued from page one) ing with a contract for \$9,408.

The board, in other action, also announced that Mrs. Edmund Vos will furnish the lounge area of the library.

Mrs. Vos is doing so as a memorial to her late mother and father, Mr. and Mrs. C. J. Roeschlein.

A person's credit standing used to depend on a highly personal relationship with local merchants, the banker and local businesses generally. Today, it appears that much of this personal element has disappeared—perhaps unavoidably—in the hungry jaws of numbers-oriented computers.

Is a supposedly safe state where fireworks are concerned, in 1968 three children each had to have a damaged eye removed, another was blinded and four others had penetrating injuries resulting in traumatic cataracts. Thirteen others suffered serious eye injuries.

Although outlawed in Illinois, crackerballs are a frequent cause of serious injuries and even death. These are brightly colored, pea-sized firecrackers that are designed to explode when hurled against a hard surface. These have a great appeal for children and they don't seem to have too much trouble purchasing them. Their color, size and shape often deceive youngsters into thinking they are candy. One child died from the arsenic contained in the tiny explosive, after swallowing one whole. Other children have received serious burns. They are potentially a great danger to vision because they require no source of ignition. Even a hard bump can explode them.

Equally dangerous, although sold legally, are highway safety flares, substituted for fireworks. Such flares are a safety "must"

for motorists in trouble, but not toys for children. They burn at several times the heat of gas flame and can produce painful burns. Every year children suffer injuries from safety flares yet stores advertise them for a "Safe and Sane 4th of July."

Blasting caps, although sold legally, are another potential source of danger, particularly in farm communities. Blasting caps are high-explosives used to set off other explosives. This means they are dangerous. That's why, in industry, they are used only by trained experts. In inexperienced hands they can maim, injure and even kill. Children sometimes play with these with disastrous results.

Another disturbing development in recent years is the fact that many adolescents are now experimenting with homemade rockets and powder bombs. They can maim or even kill. Sale of the materials for making these is not restricted by law.

It is of utmost importance for parents to be constantly alert to the potential dangers of fireworks and to teach their young children and teenagers the importance of avoiding them.

Howlett Urges...

(Continued from page one) for increased services, but state government has grown faster. "Illinois remains a low-tax, high income state. It has been tightly administered by Governors of both parties for many years. The last Census Bureau report on public employment, as of October, 1968, showed only two states—New Jersey and Ohio—employed fewer state workers per unit of population than Illinois.

"The pressure is now tremendous to expand state government and provide more services. Evidently, the Governor's original proposal for a 45 per cent increase in state government expenditure, will not be approved by the legislature, but there is still probability of new taxes and a

growth in the government. "If municipalities are to do their work properly, a new Constitution should give them powers of administration and control of their own local affairs, subject to General Assembly limitation or veto.

"The shift of population from rural areas to the cities and suburbs has created new problems which can best be handled close to home. To meet and solve them local governments must be given the jurisdiction and the responsibility to raise the money to pay the costs."

Julianne Herber Weds John Russell Hansen

The United Methodist Church at Berlin, Wis., was the setting last Saturday for the wedding of Julianne Herber, of Berlin and John Russell Hansen, of Cross Lake, Wis.

Miss Herber is the daughter of Mr. and Mrs. Otto Herber, and Mr. Hansen is the son of Mr. and Mrs. Robert H. Hansen.

The bride chose a floor length ivory A-line cape of French net, and Alencon lace over peau de soie. Medallions of re-embroidered Alencon lace detailed the jeweled neckline yoke and bishop sleeves. A border of Alencon lace circled the hemline.

She wore an ivory camelot hat trimmed with Alencon lace holding a waist length veil. The bride carried a cascade of yellow roses, stephanotis and ivy.

Matron of honor was Mrs. Peter Paul of Milwaukee and Mrs. Robert A. Hansen of Madison was the bridesmaid.

They chose gowns of floor length maize crepe, sleeveless sheath with empire waistline. A border of floored green velvet circled the hemline. They wore maize net camelot hats holding veils. They carried a cascade arrangement of green leaves.

Best man for the ceremonies was Robert C. Hofer, of Palmyra, and groomsmen was Richard A. Hansen of Madison, and ushers were William Hansen and Richard Hansen.

The reception was held in the church hall following the ceremony.

GOP Women To Hear Mrs. McClory

All women in the 12th Congressional District will want to set aside Monday, July 14, to attend a luncheon at McHenry Country Club.

Doris Hibbard McClory, wife of Congressman Robert McClory, will speak of her experiences as an assistant New York TV producer and of her new role in Washington. A 12 noon social period will be followed by a buffet luncheon at 12:45.

Mrs. Arthur Jenner of Crystal Lake, president of the 12th Congressional District's Women's Republican Club has named Mrs. Grant Ernst of Wonder Lake general chairman for the summer luncheon.

Members of the committee include: Mrs. Henry Nell, McHenry, ticket chairman; Mrs. Frank Borst, Mundelein, program; Mrs. Raymond Vierck, Harvard, hospitality; Mrs. George Thomas, Crystal Lake, decorations; Mrs. Donald Knapp, Highland Park, mailing; and Mrs. Walter C. Hamann, Lake Forest, publicity.

Tickets are available in Lake County from Mrs. Robert Peterson, Wauconda, JA 6 2743; in McHenry County from Mrs. Henry Nell, McHenry, 385-1216; and in Cook County from Mrs. Thomas Pettis, Barrington, 381-0487. Tickets are \$4 per person. Deadline for reservations is Friday, July 11.

Where The Boys Are

VIETNAM, June 17—Marine Private First Class John D. Blagni, of 1909 N. Arcade Drive, Lake Villa, is serving with the First Marine Aircraft Wing in the Republic of Vietnam.

The First Marine Aircraft Wing is the air arm of the Third Marine Amphibious Force in the I Corps Tactical Zone of the Republic of Vietnam. The Wing operates several hundred aircraft which include freighter, attack, reconnaissance, helicopter and transport aircraft.

In addition to providing aviation support for the First and Third Marine Divisions, the Wing supports other American and Free World Forces in the five northernmost provinces of the Republic of Vietnam.

Army Specialist Four John M. Ring, 21, son of Mr. and Mrs. Blaine Ring, Route 3, Antioch, was assigned June 3, to the American Division in Vietnam, as a mechanic.

Army Private First Class Leslie J. Sullivan, son of Mrs. Genevieve Sullivan, Route 3, Antioch, was assigned to the 9th Infantry Division in Vietnam May 28 as a rifleman.

These are some of the PM&L actors and actresses who appeared in the play "Mary, Mary." They are, from left, Darlene Weighart, Zion, as Tiffany, Don Beveroth, Paddock Lake, Wis., as Oscar, John D. Mary, Mary A Treat For Play Director

By Ken Smouse
I thoroughly enjoyed watching Mary, Mary. As a drama director myself, I can't always enjoy another director's play, but I found myself caught up in author Jean Kerr's very funny lines and completely forgot about how I would have directed the show.

A personal delight was to see a young actress return to the stage after a few years' absence and find that she is still as beautiful, talented and vivacious as you remember her being. Joan Horton, in the title role, was all that and more. I believe her sense of timing for comedy has improved with maturity and she brings the stage to life with her presence. She was a delight.

But one star does not make a show and Joan had some very fine help. Bob Holliday did a very good job with a very difficult role. Only rarely off stage during the three act comedy, his portrayal of an almost ex-husband who can't quite cope with a wise-cracking wife won immediate audience approval.

Don Beveroth is always good, and his role as the lawyer is no exception. Don's great asset as an actor is his ability to warm up to and work with an audience. It's too bad the author didn't allow him more time on the stage to warm up to this part. I invariably felt a sense of disappointment as his role carried him off the stage.

John Horton had trouble trying to be old enough for his part (that's a problem?) but he carried it off well—better, in fact, than should have been expected considering the discrepancy in age.

Darlene Weighart shows promise in her stage debut. She seemed somewhat conscious of her lines and the fact of her stage movements, but, with experience, should become more at ease and more effective.

My sincere congratulations to "freshman" director Gary Richter for pulling together a really good show.

Mary, Mary, you are quite contrary—and I love you for it!

The show will still be running next Friday and Saturday evenings, June 27 and 28. Tickets for the production can be reserved by calling 395-1217, or picked up at the State Bank of Antioch or the General Store. Curtain time is 8:30 p.m.

Art Show Scheduled For Sunday

The Libertyville Art Show will be held this Sunday, June 29, from 10:30 a.m. to dusk in Cook Memorial Park. In case of rain the show will be held July 6th. Mrs. Charles Brown is chairman of the show.

There will be exhibits of oils, watercolors, sculpture, and art crafts. Carole Bourdo will do on-the-spot children's portraits.

Two Libertyville artists who will be exhibiting are Mrs. James Deetjen and Mrs. Donald Yost.

Their paintings have been exhibited locally and in last year's art show. They have studied with Mrs. Arthur Henson and at the Art Center with Chuck Miller of Barrington and Joy Layson of Waukegan.

GOP Auxiliary Set Annual Vietnam Day

Golden Wedding Anniversary

Mr. and Mrs. Bertram Schumacher, of Addison Lane, Felter's Subdivision, celebrated their 50th Wedding Anniversary on June 19 at the Big Foot Country Club, Lake Geneva.

An unusual aspect of the celebration was that the bridesmaid, a cousin, Mrs. Hazel McLaughlin of Johnsburg, and the best man at the ceremony Robert W. Schumacher, his wife, Jean, of McHenry, and the bride's mother, 93 year old Mrs. Martha Schulz, of Antioch, attended the celebration.

The bride wore a white orchid with a gold belt and the other ladies in the wedding party wore purple orchids. The men wore white carnations.

The table decor for the dinner was centerpieces of gold and yellow roses.

Following dinner the party returned to the Schumachers' summer home for cake and refreshments.

Don is a junior at Dartmouth college and is an economics major. He earned a 4.0 average on a 5.0 point system. He is also a graduate of Antioch High School.

CHRISTIAN SCIENCE CHURCHES

"If ye love me, keep my commandments. And I will pray the Father, and he shall give you another Comforter, that he may abide with you for ever."

These verses from John 14 are from this week's Bible Lesson-Sermon on "Christian Science" which will be heard Sunday in all Christian Science churches.

A correlative passage in the lesson, from Science and Health with Key to the scriptures by Mary Baker Eddy, explains: "Christian Science, understood, coincides with the Scriptures, and sustains logically and demonstratively every point it presents."

Fresh 'n Refreshing MILK
MILK—Often called "nature's most nearly perfect food," fluid whole milk contains all recognized vitamins and many essential minerals. Vital for good nutrition, it contains both the fat and solids-not-fat parts of milk. Homogenized milk has its fat globules dispersed throughout the liquid. Sterilized milk is whole milk with added sugar and chocolate.

BUTTER is churned cream. It contains, by law, not less than 80 percent milk fat. It may or may not contain salt. The butter of highest quality is made from sweet cream. Most butter sold at retail bears the USDA shield mark and letter grade, U.S. AA or A.

CHEESE is available in many forms, flavors and textures to suit every taste and occasion. Natural cheeses are usually made from whole cow's milk. Process cheese is made by blending and pasteurizing fresh and aged natural cheeses.

ICE CREAM is made by freezing while stirring a pasteurized mixture of milk, cream, sugar, and stabilizer. It is flavored with extracts, fruit, chocolate, or nuts. Air is whipped into ice cream during freezing to increase its volume 50-100%.

Legion Auxiliary

By Del Jahneke

The Second Division Convention of the American Legion and its Auxiliary will be held on June 29th, at the Homer Dahlinger American Legion Home in Waukegan. Registration will be from 9:00 to 10:00 a.m., with conventions convening at 10:15 a.m.

The Legionnaires will meet in the large meeting room upstairs, with the auxiliary members downstairs in the equally spacious meeting room.

Division Commander John Mould, Waukegan, and Division President Mrs. William Franzen, Libertyville, will be the presiding officers at their own sessions. Division Sergeant-at-Arms Del Jahneke and Mrs. Jahneke, Division Historian-elect, will be attending the convention from the Antioch area.

Committee reports will be heard in the morning. Mrs. Jahneke will be awarding a first place winner in District Press Books, and a first and second place winner in unity publicly press book contest on the Division level, with citations. The 3 winning press books are next entered into state competition. The judges were selected by Mrs. Franzen, since Mrs. Jahneke's 10th District Press Book was entered in competition. Mr. Art Peterson, Managing Editor, and Miss Jan Gehring, News Editor of the Independent, Register of Libertyville; Mrs. Howard Clark, Sycamore, 12th District; and Mrs. Florence Ehlers, Woodstock, 11th District, served as judges.

A Memorial Service will be conducted by Mrs. Gerald Wegner, Lake Forest, Division Chaplain, with the 10th, 11th, 12th and 13th District chaplains participating in the ceremony.

Mayor "Bob" Sabonian of Waukegan, a Legionnaire, will be an honored guest at the noon luncheon. A beef buffet luncheon will be served to both Legionnaires and Auxiliary members.

The election and installation of officers will take place in the afternoon. Mrs. Clarence Sandberg of Joliet is slated to be the new Division President, and Mrs. Rahmann, Antioch, the new Division Historian.

On Saturday evening, June 28,

MOOSE TOPICS

By Lillian Birdsall

With 80 members in attendance, Pilgrim of the Loyal Order of Moose, Homer Beach, performed the installation ceremony for the newly elected officers of the Winner Legion No. 74, which was held at the Highland Park Moose Home on Sunday afternoon, June 22. Mr. Beach, who has been an active member in the Legion of the Moose for over 25 years, holds the honored title of Grand North Moose.

Following his impressive ceremony, installing guide: Richard Draeger seated the officers in their respective chairs. New officers are as follows:

North Moose: Joe Cassett of Highland Park; South Moose: Homer "Scotty" Birdsall, fellowship of Antioch; East Moose: John Malec of Waukegan; West Moose: Clifford Babcock, fellowship of Elkhorn; Treasurer, Jerry Roberts, of Racine; Guiding Moose, Charles Wertz of Waukegan; Argus, Herman Reading of Highland Park, and Custodian, Al Sheridan, also of Highland Park.

Outgoing North Moose Gene Hanner was greatly honored by all members for his successful services for the past two years and was presented with a gift from Homer Beach and was also presented with the past North Moose pin from the new North Moose, Joe Cassett, in appreciation for all his services. Outgoing Guiding Moose, Richard Draeger has served his position faithfully for the past five years.

An enrollment class was held

there will be a Hospitality Room at the Pagoda Inn, Route 41 and Buckley Road, Lake Bluff, at 8:30 p.m. and hosted by Division Commander Mould and Division President Mrs. Franzen, for all visiting Legionnaires and Auxiliary members.

The 2nd Division American Legion and the Auxiliary is comprised of all the Legion posts and units in the northern section of Illinois—the boundaries extending from the northern and western state lines to just south of Streator, county-wide. Its eastern boundary is Cook County, which is a Division in itself. There are approximately 35,500 Legionnaires and 22,000 Auxiliary members in the 2nd Division. Second Division is divided into the 10th, 11th, 12th and 13th Districts, and is one of the five divisions of the state of Illinois.

Millburn Hornets Push For Milk

The Millburn Hornets 4-H Club wishes to remind everyone that June is National Dairy Month and urges everyone to drink more milk and use more dairy products in daily menus.

The club wishes to thank Rocco Matsic, of Lindenhurst, distributor of Fairmont milk, for donating 50 ½-pints of milk for the monthly meeting of the Millburn Hornets.

Patricia Holimon Was At Music Camp

Patricia Holimon, of Antioch, was a participant in the 17th annual music camp for high school students at the Eastern Illinois University at Charleston, which ended last Sunday.

In Past North Moose, Gene Hanner's honor and new members for the Legion of the Moose are as follows: Re-enrollment: Pete Petersen who is a past governor for the Antioch Moose and was sponsored by Arthur Andersen. Others were, Bob McDonald, Eugene Myra, Fred Busch and Harry Pedersen, all from Antioch, and all sponsored by Scotty Birdsall. Present for the ceremony was Ray Slicker receiving his vows and also sponsored by Scotty Birdsall.

A movie was shown on the Mooseheart Float that was entered in the Rose Bowl parade, and because of a breakdown at the start of the parade, it was not shown on television. The float which was the very last in line, because of the breakdown and not in the position 89 as previously scheduled, still ended up with the first place trophy for the best congenial effort. It was truly a beautiful float and the movie which showed how it was constructed was very interesting. Seth Mark of Antioch donated his time and efforts to run the projector for the members.

There were six lodges present at the ceremony, Antioch, Elkhorn, Kenosha, Racine, Watkegan and Highland Park, the host lodge. Members attending from Antioch were Mr. and Mrs. Scotty Birdsall, Mr. and Mrs. Mike Phillips, Mr. and Mrs. Eugene Myra, Mr. and Mrs. Harry Pedersen, Mr. and Mrs. Seth Mark, Mr. and Mrs. Bob McDonald, Mr. and Mrs. Gene Hanner, Carl Boehm, Ray Slicker, Ed Kuriz and Arthur Andersen.

Pilgrims present were Homer Beach, Frenchie Dionne and Henry Johnson the herder of Winner Legion 74. A very fine dinner was served to all attending members after the ceremony served by the Women of the Highland Park Moose.

Registration for the Moose Convention will start Saturday, June 28 at the Conrad Hilton in Chicago. The first session will take place on Sunday at Mooseheart, when the graduation exercises will be held, the honoring of the Pilgrim degree, the honoring of the College of Regents degree and the Moose Picnic to follow in the afternoon. Graduate Regent, Lillian Birdsall will be receiving her College of Regents cap and gown and on Monday, at the Conrad Hilton, recorder Rose Roth will receive her star.

John Seidemann Receives Degree

John Seidemann, Jr., received his Bachelor of Arts Degree from Columbia College in Chicago on June 13. The commencement exercises were held in the Prudential Building Auditorium.

Rummage Sale At St. Peters Scheduled

The ladies of St. Peter's Altar and Rosary Society are busy this week getting ready for their 10th annual rummage sale to be held at St. Peter's School, Rte. 59 and Rte. 173 on Friday, June 27 from 10 a.m. through 9 p.m.

On Saturday the hours will be from 10 a.m. until 1 p.m.

There is ample parking, and refreshments will also be available. Co-chairmen Mrs. Proctor and Mrs. Corso have reported there are two new attractions. One is house plants of all sizes and varieties and the second is new homemade items knitted, crocheted and sewed.

Of course, the most popular attraction is the French room and it will be stocked with many lovely things.

Abbott Complex Wins Honorable Mention

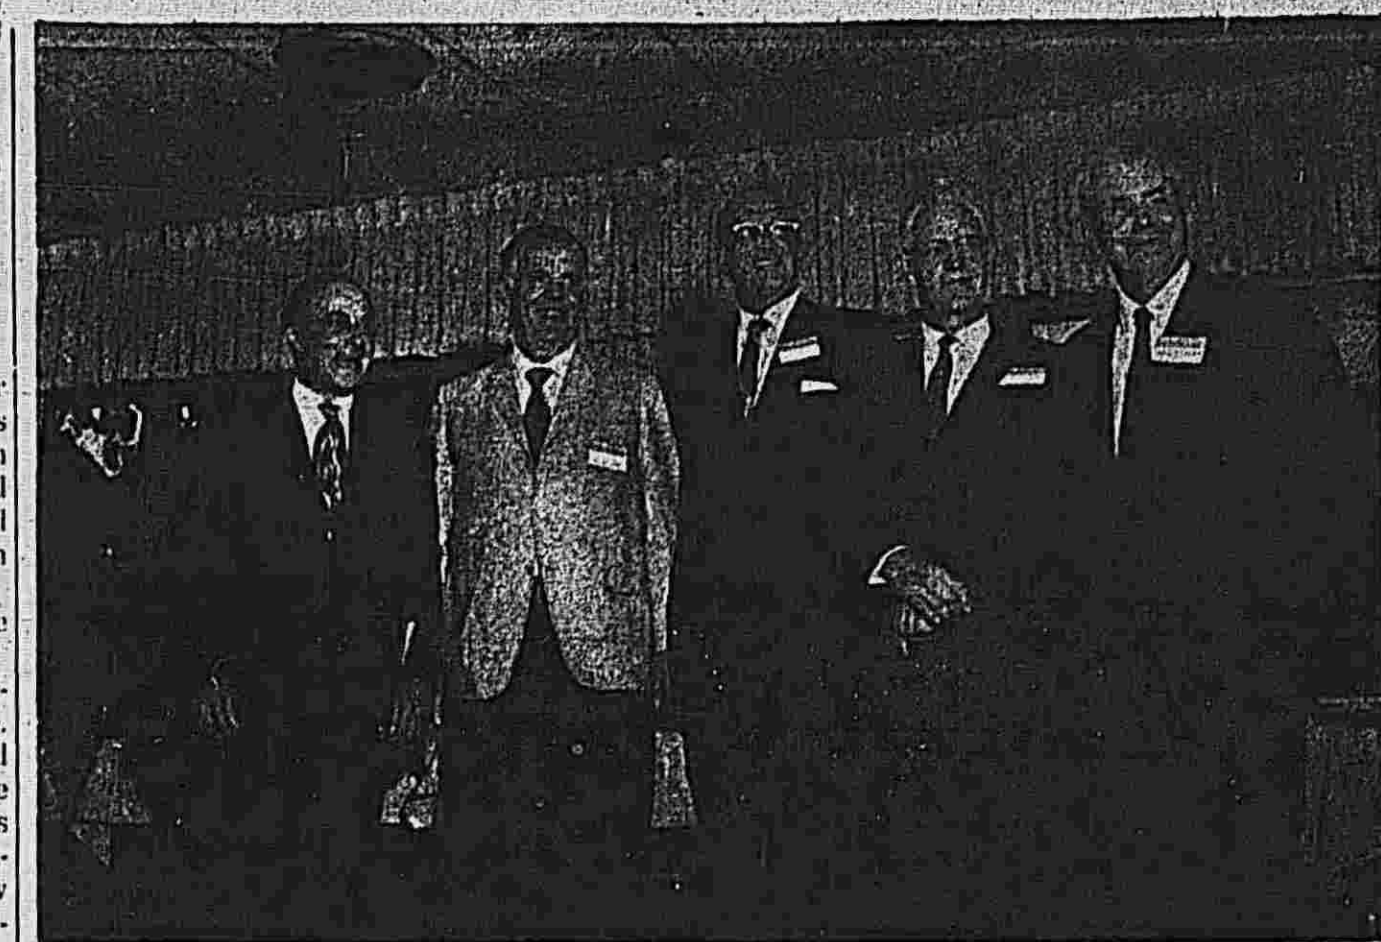

Abbott Laboratories' biological research complex at Abbott Park won an honorable mention in Industrial Research magazine's annual "Laboratory of the Year" competition.

Abbott Park is a 500-acre development about five miles south of North Chicago, where Abbott has its main manufacturing plant. The research complex houses Abbott's pharmacology, pathology, and toxicology operations.

Abbott was the only pharmaceutical firm to place in the competition; Duquesne University's science hall in Pittsburgh took the top award, and the Johns Hopkins University post-doctoral research center in Baltimore won the other honorable mention.

Representatives from the three winners will be awarded plaques at a banquet at the Museum of Science and Industry in Chicago on Sept. 18. Exhibits from the three laboratories will be on display at the museum during National Industrial Research Month, Sept. 17-Oct. 19.

A panel of three researchers and three architects judged the entries on the basis of function and beauty. The Abbott research facility was designed by Wigton-Abbott Corp., Plainfield, N. J.

THE ANTIOCH NEWS—6

Ray Young Wins 30 Lap Feature

Ray Young took the feature lead with only five laps to go and raced on to win the 30 lap feature race at the Waukegan Speedway Saturday night. Bob Roper of Chicago was second, a scant curling behind, and a third Chicagoan Rich Sundling finished third after leading 22 laps.

A light shower proved the durability of the asphalt surface as the first heat race was halted by rain. After a delay of nearly 30 minutes, the race was resumed with the track in good shape.

Local favorite Mike Wolff took the lead at the green flag with Dave Evans right behind. Sundling wheeled into second spot on the second lap and moved by Wolff in the fourth lap for the lead.

Earlier Sundling had won a heat race and he quickly opened up a sizable lead in the main. Wolff held second spot and Jim Cossman was third until the tenth lap. Young moved into third on that lap with Roper close behind. At the half-way point Young raced into second spot and Roper was right on his bumper.

Sundling held nearly a quarter lap ahead, but Young and Roper cut into that lead every lap. On the 25th lap all three cars were running bumper-to-bumper before Young shot into the lead. Roper never dropped back in the closing laps and he kissed Young's rear bumper as the two raced out of the fourth turn for the checkered flag.

The hobby feature was another close race as Cliff Burdette and Chuck Clark swapped the lead several times before Clark took the lead for good. With one lap to go, Burdette spun and Clark was home clear. Homer Scott captured second spot and Elmer Roberts was third.

Harold Grimes won the first heat race that was stopped for the rollover of Joe Kristan. Although his car skidded upside-down in a shower of sparks, he was unhurt. Tom Reuss won the other hobby heat, but dropped out of the feature in the closing laps after losing a wheel.

Young was the night's only double winner as he also won the trophy dash. Heat race winners went to Herb Artelt of Wildwood, Bob Boyce of Chicago, Roger Hagl of Lake Villa and Sundling. Al Gutche won the 15 car semi-feature with Vern Browne second. On Wednesday night, June 25, the Speedway has scheduled the Joie Chitwood Thrill Show, starting at 8 p.m.

GOLF STANDINGS

Antioch Landscaping team, Camp Lake TV and Tem's Luggage teams made their moves in to 2nd, 3rd, and 4th places in the Thursday Night Two-Light Golf League at Spring Valley C. C., by scoring 6, 5½, and 5 pts over Hospitality House, Antioch Lumber and Marchuck's Resort teams.

Kenosha Savings & Loan team held on to first place with a 4 point to 2 point win over Cermak Realty. Ray's Shell Service team held the First National Bank team to 2 points, while scoring 4 points to gain 8th place, dropping Cermak into 9th place, and National Bank from 4th to 6th.

Maggie & Bob's split with Antioch State Bank, 3 points each; Maggie & Bob's now in 7th place and the Bank team (State, that is) firmly entrenched in 12th place.

Hospitality House with zero points dropped from 2nd to 5th place in the standings; Antioch Lumber from 9th to 10th place as of Thursday, June 19th. Gene Barth, a second year man with Maggie & Bob's team had low net score of the night, and looks like the most improved golfer thus far this year.

Was also nice to see several Tuesday Nite golfers visiting our league. Geo. F. Pahlke, Secy.

American Legion Baseball

American Legion Baseball was at its best June 18 when Tom Martin, a junior lefty, held the Lake Zurich Bears to two hits as he pitched Antioch to a 6 to 0 victory.

He walked 4 and struck out 11 on his first start on the mound. Martin set down the Bears 1-2-3 during the first three innings, striking out the side in the 3rd inning.

Antioch scored in the first, second and fourth innings, the final runs coming in the 4th when Steve Bentel blasted a triple to deep left centerfield to score Cliff Wallwin who was hit by a pitch. Bentel scored on Carlson's single for the final run.

Antioch rolled up 10 hits along with their 6 runs and committed one misplay. Lake Zurich also committed one error and managed two hits.

On Friday, June 20 Antioch went down to defeat by Grayslake 2 to 1.

Antioch was held to two hits and no runs until the top of the sixth when Al Comstock reached second on an error. Morley walked and Chip Gross drove in Comstock with a single to center. Sterbenz grounded to the third baseman to end the scoring threat.

Grayslake scored its first run in the 4th and the final run in the bottom of the 7th on a throwing error.

Mike Stiecker struck out 5, walked 4 in a losing effort while Richardson struck out 10 and walked only one in posting the win.

The game at Lake Region was rained out Monday.

Bill Bohn Beats Best At Wilmot

WILMOT, Wis.—Bill Bohn of Kenosha was the winner of the 30 lap modified stock car race at the Kenosha County Speedway on Saturday night, June 21.

In winning he beat a field of cars and drivers that are the best in this open wheel closed cockpit competition. Racing for the modifieds had been rare elsewhere and the Wilmot scene was soon expanded with the presence of Robert Ratajezyk, Aaron Solsrud, Johnny Reimer, Whitey Harris, Homer Ansell, Jim Olette and others.

Racing was delayed more than an hour while the cars circled the track in rain to keep it packed for racing. The results were a slow track for qualifying but by feature race time, it was fast and beautiful. Aaron Solsrud set fast time with a 17.82 second run. Ratajezyk qualified for the pole and for 29 laps just ran away from the field bunched behind Bill Bohn in Dan Bantlin's modified. On the last lap, the rear end went out on Rapid Robert's car and Bohn got the win fighting off John Garner and, Jr. Dadd.

The heats and semi all had wild action. Jerry Hester jumped onto the car driven by Gary Adamson in the first heat when action got too close. Hester's car nearly rolled. It took a third green by starter Otto Stahl to wave they finally away in the semi. Ken Oberdorf of Kenosha crashed into the number one turn on the second start and his car had to be lifted off by wreckers.

Earlier, Jimmy Hedges of Kenosha, Allen Kautz of McHenry, Mike Schiesel of Oak Creek and Bill Klein of Burlington all collided in the number one turn. Jim Sullivan of Antioch, in Whitey Harris' IRA No. A24, was close in each of these but did a terrific job in missing the action. McKay outjumped Ron Bidlack of Lake Geneva for the lead and won the semi.

Spectator action was also beefed up by visitors but Don Pulara of Burlington won the feature in this group.

Little League Action

Little League action resumed June 12 with the Yankees winning out over the Sox by a 1 to 0 count. Winning pitcher was Russ Albano and the loss went to Tom Warner.

On June 17 the Cubs took on the Tigers and emerged victorious by a 6 to 5 count. The winning hurler was Maras while the loser was Jeff Schmidt.

The Dodgers took the Pirates by a 10 to 8 score on Wednesday, June 18, with Dave DeBoer the winner over Jim Shostak. DeBoer had help from Tim Sheppard in the 4th.

On Thursday, June 19, the Cardinals were swamped by the Giants by a 15 to 3 score. The winning pitcher in that contest was Dave Bogart while Guntly took the loss.

The Giants won out over the Pirates on Friday, June 20, by a score of 6 to 2 with Drew Isaacson getting the win. Tom Robinson was the losing hurler.

The Yankees smothered the Dodgers by a score of 13 to 1 on the same day and Bruce Tossey got the win. The loser was Phil Linberg.

The All Star game, rained out last week, will be played at 2 p.m. Sunday at the Little League Field. The Gray Division will go against the White Division.

Bell Provides Services To Boaters

With the advent of summer, many local boating enthusiasts are becoming more aware of a little known service of Illinois Bell—the Coastal Harbor Marine Telephone Station WAY.

The facility, located near Lake Bluff, handles ship-to-shore telephone calls from craft sailing the Great Lakes and Mississippi, and Illinois rivers.

Bob Skinner, Communications Serviceman and past president of the Grayslake Jaycees is one of ten marine operators at the station. "It's the kind of job you never get tired of," Bob explains. "People on shore are always surprised when they receive a call from a ship. And the names of the boats, like The Dry Martini, Third Honeymoon and Family Affair are really entertaining."

The men are on duty around the clock, at the Harbor Telephone Station. They not only handle calls from ships in local waters. But calls are received from as far as Lake Superior and Lake Ontario.

The volume of calls varies with the seasons. In winter the daily average is only 120 since most of the inland waterways are closed in by ice. During the summer the messages jump to 250 per day. The busiest days during the summer are Saturdays and Sundays, when most yachtsmen head for the cool blue waters.

The marine operators have a multi-faceted job. Each Marine operator is a commercially licensed radio operator.

In addition to serving at the harbor telephone station, the men also install and maintain educational TV and microwave circuits for "remote" TV pickups. They recently installed a remote TV pickup for the Memorial Day Indianapolis in several local theatres.

Marine operators run into unusual problems in their contacts with foreign ships. One caller from a German freighter wanted to know what a call would cost in gold francs.

The operators are no strangers to emergency calls. Unfortunately the operators frequently are the last to know what finally happens. They usually read about it in the newspapers.

Occasionally, marine operators receive calls from weekend sailors who have mixed a little too much alcohol with their water.

Bergsma Wins In Rockford

ROCKFORD, Ill.—At their second run of the 1969 season on the Rockford Speedway's high banked asphalt oval, the super-fast modifieds of the IRA club thrilled fans with the closest finish in many years.

Ken Mohroe of Pell Lake got the jump on the field and had a straightaway lead before being caught by Ron Bergsma of Richmond who went on for the win in the 30 lap feature race. Bergsma's win was not an easy one though as he had to duel with first Al Schill and then Johnny Reimer for the win.

Reimer and Schill each came from the back to catch Bergsma but neither could pull the pass on the Plymouth-modified. It was a close three car finish that had the fans on their feet all the way through.

The third heat was just as exciting too as Paul Cameron wound up the leader over Tommy Anderson and Whitey Harris. In the second heat, Cameron and Harris had duelled for the lead with the running getting so close a spin out in number two took them out of the action with Reimer getting the checker. Reimer also had the fastest lap in qualifying with a 14.55 second run.

1969 Sting Rays, Corvettes and Chevelles were paraded before intermission and Johnny Reimer promptly hopped into the Kenosha County Speedway Camaro Pace Car and joined the Joie Chitwood Thrill Show Group. After they left the track, Reimer, who had Motorsports International Television's host Steve Benford with him, took a fast lap, stopped at the finish line and surprised the crowd with a walk on the start-finish line on his hands that have carried him to seven championships in modifieds owned by Freddy Nielsen of Lake Villa.

Lady Stock Car Driver Competing

WILMOT, Wis.—Lovely lady stock car driver, June Turner of McHenry is now among the regulars in competition at the Kenosha County Speedway late model stock car races each Saturday night.

Mrs. Turner competes in the late model stocks but hopes some day to have one of the men offer her a chance to try out one of the powerful modified stocks.

She says that all it takes is a little nerve and better attention to keeping out of trouble to be successful at stock car racing.

June says she watches the cars around her on the track as much as she would if they are on the highway or in a shopping center parking lot. That's the place that really scares June because she says cars follow no pattern of traffic and come at you from all directions.

Saturday night she applied these principles and was able to get a third place in one of the heat races when cars ahead of her tangled in the turn. At one point she even had to stop because a "male" driver pulled his stalled car directly in front of her.

Later she said, "Gee, that's the kind of thing you would expect from a woman driver, but from a man and on the track, too, he must be a rookie."

June Turner will also lead a group of ladies in powder puff racing on Thursday night, July 3, when the Interstates Racing Association presents its next mid-week race night.

"Sometimes we must remind them that improper language must not be used over the telephone," reports Don Meyer. Don, a resident of Libertyville, is service foreman of the harbor telephone station.

Placing a ship-to-shore call is fun and games for some and work for others. Don recalls the times he has placed calls for sailors who "missed the boat."

Many times they were able to catch the boat at the next port. But some are not so fortunate," he adds.

Bob and Don agree that their quarters near Lake Bluff are "a little like home."

The personal service is similar to that provided during the pre-telephone days. Because of the personal contact, some of the captains will recognize a voice or often drop by WAY to say "hello."

Fishing Derby Is Scheduled

An interesting way to reduce the number of bluegills in Little Silver Lake, a mile east of Antioch, is to be conducted by Wayne Erickson of Jacy's Resort, Little Silver Lake.

On July 1, a fishing derby for children, toddlers to 14 years old, will be held. Prizes will be awarded for the smallest bluegill, most panfish under 4 inches, and most panfish.

There will be no charge for entering the derby. All fishing must be done from boats with no motors and children must be accompanied by an adult.

Boat rentals will be at reduced rates for the derby which will be held from 8 a.m. to 8 p.m.

Championship Drag Races On Schedule

The 13th annual "National Championship Drag Races" will be held July 3rd, 4th, 5th and 6th at the Great Lakes Dragway at Union Grove, Wis.

The meet brings together the nation's best drivers and fastest cars in the supercharged nitro fuel funny car and dragster divisions.

The 200 mph funny cars will be featured Thursday night at 8:30 again Friday at 2 p.m.

Saturday night at 8:30 and again Sunday at 2 p.m., the sleek 220 mph dragsters headline the races.

Super stocks share the spotlight all 4 days. Funny car drivers already entered include Dickie Hagrell, Paula Murphy, "Jungle Jim" Liberman, Ron O'Donnell, Mickey Thompson, Fred Goeske, Arnie Beswick, Pete Gates, Chris Karamasines, Mike Burkhardt, Lew Arrington and Don Nicholson.

Dragster pilots include Bennie Osborn, Jim Nichol, Le Roy Goldstein, Fred Welchman, Marv Schwartz, Tom Hoover, Dave Powers, Chris Karamasines, Duke Ray, Del Fisher, Connie Kalitta, Dwight Salsbury, and Don Garlits. Garlits and Salsbury will be driving dragsters entered by the Smithers Brothers.

Among the super stock entries are Dick Landy, Kimball Brothers, Bill Jenkins, Arnie Beswick, "Jungle Jim" Liberman, Ed Schartman, Ronnie Sox and Buddy Martin. Grudge racing will be held Friday night from 6 to 11 p.m. this week.

Bristol Oaks Pro-Am Jun. 30

The third annual TV Guide Celebrity, \$15,000 Pro-Am golf tournament will be held at Bristol Oaks Country Club on Monday, June 30.

Each foursome is composed of three amateurs, one professional and a celebrity.

The celebrities are from the Green Bay Packers, the Chicago Bears, the Chicago Black Hawks,

the Bucks, and many of the top radio and television announcers from across the country.

The players check in a 11 a.m. and the tee-off at 12:30 p.m.

The public is invited to attend and proceeds go to charity, the Southern Colony Retarded Children's Fund.

The course is located on Rte. 50 at Bristol, Wisconsin.

Bowling Tournament Nears End

The first annual Antioch Bowling Lanes Maggie and Bob's Town Club House elimination tournament comes to an end this Sunday as Frank Hartnell and Don Ward square off in a best of seven games match to see who take home the \$100 first prize, plus the beautiful trophy.

The public is invited to watch the match.

The tournament started in May with 128 of Antioch's finest bowlers competing in head and head match game play with a prize list of over \$1,000 paid out in cash.

The tournament is said by the Antioch Bowling Lanes owners to be a big success with many big games rolled and a lot of fun for all.

Girls Ball Team Sets First Game

The Antioch Lakers, a girls' softball team sponsored by local merchants and Lake Villa, Grayslake and Golfview will take on Wheeling in its first home game on June 29, at 8 p.m.

The newly formed league team will play a total of 15 games, 7 at home and 8 away.

Besides Antioch and Wheeling the other teams are St. Charles, Joliet, Aurora and Crystal Lake. Manager of the team is Phil Vos with Jim Murphy as his assistant.

Law and order is a term that to an overwhelming majority of U.S. citizens means the protection of rights, property and persons against illegal transgressions of any sort.

Family Services Gets New Director

William R. Fisher assumed duties this week as administrator of the Waukegan district office of the Illinois Department of Children and Family Services.

Director Edward T. Weaver said Fisher, 29, will direct a staff of 22 persons who serve families in Lake and McHenry counties.

Services include family counseling, child protection services, foster care placement, adoption, homemaker service, day care, help to unmarried parents and licensing of child care agencies and institutions.

A veteran social worker, Fisher has been with the department since 1964 and obtained a master's degree in social work at the University of Missouri through the agency's employment-education program. He obtained his B.A. degree from Graceland College, Lamoni, Iowa. Most recently, he has been a social work supervisor in the department's Rockford district office.

The Waukegan office, located at 4 S. Genesee St., is part of the Aurora region, headed by Regional Director Leland Wright. Other district offices are located in Aurora and Joliet.

Home Care...

(Continued from page one) and so to do it, it's o.k. for my son or daughter.

But if we will give them guidelines, establish limits, children will respect their parents and appreciate the discipline. In fact, they are happy when they can blame their restrictions on someone like dad, then they can tell their friends, "my father won't let me go out tonight."

In so far as probation being a stigma on the life of a young person, Doheny says it would not interfere with a future career since it became a court record and not an arrest record.

The Lake County probation department handled 430 delinquency cases last year involving 356 boys and 74 girls. In addition, 673 adults probation cases were processed, along with 130 dependent child cases and 119 adoptive investigations.

The department functions under the Chief Circuit Judge for appointments while the County Board of Supervisors approves the appropriations for operations. Doheny will be the guest again next week on the radio series, produced by the County Information office.

Sewer Bonds Delayed By Pay Deadline

Lake County Department of Public Works director Herbert W. "Bill" Byers says since the prepayment deadline on the north-west area project has been moved back to August 15, it will probably be the end of October before bids are received on construction and bonds.

The prepayment deadline was moved from June 15 to August 15 because many residents in the project area felt it came too early after announcement of fees.

Byers says the main objection to the northwest, or Squaw Creek, project is the cost involved for single family homes. It runs \$1,135 to cover connection fees and construction. About 2200 homes would be served by the proposed sewer system.

It is likely the County Board of Supervisors will be asked to accept or reject the bids on bonds and construction at its November meeting.

The public works director des-

cribed the project as the first phase in the County master plan and would include interceptor sewers and a treatment plant along Squaw Creek. Portions of Grant, Avon, and Lake Villa townships are included in the area to be served.

Petitions from homeowners for service initiated the project about four years ago. Byers says an application for federal assistance has been pending but at this time there is nothing definite on whether a grant will be made.

The public works department is responsible for the operation of a county-wide system of sewer interceptors and treatment plants, a water distribution system, and a flood control program. Presently there are nine county-owned water systems serving approximately 2300 users in the unincorporated areas and two sewer systems, one in Countryside Manor the other in Vernon Hills, serving 500 customers.

of a voting record among Congressional District polls. The computer questionnaires returned during the past two months were tabulated in less than an hour in a modern automatic data processing center in Washington.

Complete results are to be inserted in the Congressional Record and will be mailed soon to every household throughout the 12th District.

After reviewing the questionnaire results Congressman McClory declared: "I am somewhat overwhelmed by the record response to this year's questionnaire. I can only conclude that citizens are more interested than ever in the grave issues facing the Congress and the Nation. I am impressed by the results as well as by the more than 5,000 individual communications which this year's questionnaire generated."

I expect to give due weight and respect to the responses to this poll which appear to reflect the views of a substantial cross-section of 12th District citizens."

Rep. and Mrs. Robert McClory, right couple, posed with Mr. and Mrs. Jerry R. Germaine of Mundelein at the Awards Banquet of the 78th annual convention of the Professional Photographers of America at the New York Hilton Hotel in New York recently. Rep. McClory was House sponsor of a joint resolution declaring the week of June 8 through 14 Professional Photography Week in America.

tery near Grayslake.

Forest District . . .

(Continued from page one)
Twenty-one acres will be pur-
chased in the Ryerson tract for a
total of \$73,300. The district will
pay \$4,875 for six lots at Spring
Bluff.

In other business, commission-
ers adopted a salary ordinance to
cover employees of the district;
approved ordinances covering
employee benefits, which are
identical to those for all county
employees, and hours of operation
or the preserves.

A resolution was read and ap-
proved paying tribute to the late
C. Robert Whiteside, immediate
past president of the district,
who died last month.

The district's finance commit-
tee will take up a motion ap-
proved at Thursday's meeting to have
all purchases by the forest pre-
serve be handled by the county
purchasing agent.

Zoning Board To Meet With Study Group

Members of the Lake County
Zoning Board of Appeals have
been invited to attend the next
meeting of the Housing Study
Committee to discuss the philo-
sophy of zoning. The session will
be held at noon, Friday, June 27,
at the Waukegan Yacht Club.

The Housing Study Committee
spent considerable time at its
meeting Friday, June 13, talking
about its role in relationship to
rezoning petitions for specific de-
velopments. The committee has
gone on record in favor of a zon-
ing change at Grandwood Park
to permit construction of a large
apartment complex. The matter
has not, as yet, been brought be-
fore the full County Board of Su-
pervisors for a vote.

Committee Chairman Richard
Kennedy said, "Any recommen-
dations we make should be based
upon adequate sewer and water
facilities. Almost every major
project in the county which has
been denied zoning was due to a
lack of such facilities."

The committee has also formal-
ly backed the department of pub-
lic works' Squaw Creek project.
Members believe that it would
open up more land for develop-
ment and increase the valuation
of properties in the area to be
served.

Allan Pickus, chairman of the
housing subcommittee, reported
on a meeting of his group to out-
line steps for development of four
specific sites mentioned at the
last session of the full committee.

The subcommittee also met
with a developer who is seeking
a demonstration project for a
total plastic building. Pickus
said members recommended that
if such a test project is under-
taken it would be on a six-flat
apartment building with the
backing of a major chemical
manufacturing corporation.

A total planned development
model is being constructed at no

telling her to roll over on her
side.

Mrs. Hollatz, who is suffering
from a heart condition asked
the gunmen to give her a pill and
they complied.

They told Mrs. Hollatz that they
were professionals and only
sought money and jewels and
would not harm them.

After binding the elderly couple
the thieves ransacked the home
taking the cash and jewelry they
could find.

The invasion of the home oc-
curred about 4 a.m. according to
sheriff's deputies.

Mrs. Hollatz was bound loosely
by the tape and finally managed
to work herself loose and then
untied her husband.

Sheriff's deputies received the
call on the robbery at about 5:18
a.m. Wed. Neither of the vic-
tims was able to supply police
with an adequate description of
the two gunmen.

Bible School Registration Is Now Open

St. Ignatius' Episcopal Church
of Antioch is conducting a regis-
tration drive for the church's
Vacation Bible School which will
be held Aug. 11 through 22.

The theme this year is "Living
God's Way" and the staff is set
and many registrations have al-
ready been turned in.

A cost of \$2 per child will be
made to cover expenses. Classes
will be for nursery, 3 and 4 year
old; kindergarten, 5 and 6 years
old; primary, 7 and 8 years old
and juniors 9 through 11.
